Glitters—Gleams—Sparkles!

Just imagine the glorious beauty of this very unusual ornamental! Leaves are brilliant carmine in the early spring changing to deep maroon in summer with a bronzy metallic sheen that glitters and sparkles in the sun like a million dewdrops. Very finely shaped. Produced by years of exceedingly careful breeding and selection. Truly magnificent! Beauty lasts all spring and summer.

BEAUTIFUL FLOWERS

In addition to this it is a flowering tree, giving you magnificent quantities of beautiful pink flowers in April. Grows 8-10 ft. high. Very distinctive. Don't fail to add at least 2 of these amazing trees to your order. See these bargain prices:

- 2 Two-Year Trees for $1.00 postpaid
- 4 Two-Year Trees for $1.85 postpaid

At last a beautiful flowering ornamental that bears delicious fruit you can eat. See inside of folder. Don't miss this new wonder.

It took Plant Wizard Hansen 30 years to produce this New Bush Cherry

Fruits for You in 1 Year!

This new "QUICK-BEARING" Cherry did not just happen. Professor N. E. Hansen of South Dakota State College, originator of the Anoka apple, spent over 30 years in developing it. Professor Hansen has given us many fine new fruits and his new "QUICK-BEARING" Bush Cherry is one of his finest. We are proud to offer you this new combination fruiting and ornamental plant.

Grows Quick—Fruits Quick—Hardy Everywhere

Hansen's "QUICK-BEARING" Cherry grows quick and fruits quick in sand, clay, or any soil. Withstands heat, drought or cold (20 degrees below or more.) Requires less room than a raspberry bush but often bears more fruit than a plum tree. Can be planted as closely as 4 x 6 ft. Grows only 4 or 5 ft. high—3 to 4 ft. spread. Loaded with clusters of big dark red cherries from top to bottom, delicious and beautiful. Pick from ground—no ladder.

Fruit and Flowers from Same Plant

One of the finest features of Hansen's new "QUICK-BEARING" Bush Cherry is its usefulness as a flowering shrub. Now you can have an ornamental shrub and fruit both in the same plant. Foliage is a beautiful silvery green turning to rich red and gold in the fall. Fine for landscape plantings, profuse masses of white flowers completely and gloriously cover the bush in early spring. Even the fruit is ornamental so do not hesitate to order Hansen's "QUICK-BEARING" Bush Cherry. It will serve this double purpose exceedingly well.

New Halehaven Peach

The Grand Champion from Two GREAT Champions

Here is a new peach that has two of the greatest peaches of all time as its parents... a cross between the famous J. H. Hale and South Haven varieties. Perfectly hardy, fruits 2 weeks earlier than Elberta.

Last year when practically all peaches in Michigan were killed by freezing, Halehaven produced its usual full crop... here is just what peach growers have been wanting. Halehaven now takes the same important place among peaches that Premier has for years occupied among strawberries... an early, heavy-yielding, frost-resistant, hardy, vigorous-growing variety producing the highest quality fruit.

Halehaven is a heavy producer of big beautifully colored peaches with thick, wholesome flesh of delicious flavor and... A PERFECT FREESTONE! Often fruits the second year after planting.

Halehaven is an epoch maker... a product of the Michigan State Experiment Station at South Haven. Definitely a new and better variety. Supply limited.

Halehaven Prices

(30" Trees, 1/2 Caliper)

1 Tree $7.75  10 Trees $67.50  42.25
2 Trees $16.00  25 or more at 40 cts. each
5 Trees $25.25

All prices prepaid.

Free Trial Offer!

We want you to try the wonderful new, hardy HALEHAVEN PEACH and so if your order for Kellogg Fruit Trees amounts to $3.00, you may have one Halehaven, value 75¢ free. If your order for Fruit Trees amounts to $5.00 or more, you may have two HALEHAVEN, value $1.00 free. No other premium given excepting Garden Plan Book.

New Name

So far we have not thought of a truly suitable name for this amazing fruiting ornamental. Can you name it? Write a letter on what you think would be a good name and you may win one of the following prizes, all prizes to be awarded in Kellogg plants, bulbs, or other stock:

First Prize—$15.00 Value
Second Prize—$10.00 Value
Third Prize—$5.00 Value

Prizes awarded on basis of best name and best letter. In ease of a tie, duplicate prizes will be awarded. Not necessary to buy a Bush Cherry, but seeing it fruit and blossom may help you to suggest the most suitable name. Contest closes July 31, 1935.
